

CURRICULUM VITAE

H.J.C.R. Belcher, M.B., M.S., F.R.C.S. (Plast)

Independent Hand Surgeon

SUMMARY

I am an independent Hand Surgeon working in the South East of England. Previously, I have worked as a Consultant at the Queen Victoria Hospital, East Grinstead where I also served as Director of Plastic Surgery and Governor.

My practice is confined to hand surgery. My clinical interests are degenerative problems such as osteoarthritis, nerve compression and Dupuytren's contracture as well as post-traumatic problems of the hand and wrist. My research interest is the assessment of outcome after injury.

In the past, I have been a member of the Council of the British Society for Surgery of the Hand (BSSH). I have served on the Editorial Board of the Journal of Hand Surgery and been the Convener of the Advanced Hand Surgery Course at the Royal College of Surgeons.

I have been involved in medico-legal practice for over twenty years. I prepare over 150 reports each year on personal injury and medical negligence cases. I have completed the Cardiff University Bond Solon (CUBS) Expert Witness Certificate.

CASE-LOAD

I maintain records of my surgical activity. The diagram below presents numerically the types of operations I have performed in the last year

Operations in 2017 (n=421)

CLINICAL INTERESTS

Osteoarthritis of the hand I have a long-standing interest in arthritis of the thumb base and adjacent joints

Carpal tunnel release Management of a wide range of compression neuropathies and I regularly perform endoscopic carpal tunnel release.

Dupuytren's contracture Management of a large work-load including secondary and salvage surgery for recurrent disease referred from other centres. I have been an early adopter of the non-invasive techniques including needle fasciotomy and collagenase (Xiapex).

RESEARCH INTERESTS

My main interest is the assessment of disability after injury. Present projects are (i) the use and validity of dynamometry in medico-legal practice and (ii) the development of new methods for measuring the subjective, objective and functional impact of scarring.

ADMINISTRATION and OTHER APPOINTMENTS

My role of consultant at the Queen Victoria Hospital included a ten year period in clinical management as Lead Clinician for Plastic Surgery, Surgical Director and then Director of Plastic Surgery. I also served as a Hospital Governor.

National appointments

Member of the Steering Group of the Royal College of Surgeons (RCS) and Department of Work & Pensions (DWP) on "Returning to work" (2008).
